of the county that has maintained almost normal attendance in the face in as regularly as they should be. Everyone should bear in mind that no pupil will be conditioned on account of schools being closed for a short time in the fall, but we should remember that no pupil should be ad vanced who has not carried the work. Teachers are making a great effort to make this a full year. The best way or patrons to help the teachers in this effort and to keep their children up with class is to see that they are there every day. The following pupils of the North Jackson schools have been neither absent nor tardy during the month of February. They consti tute about 45 per cent of the school.
